

LIVES Doctoral Program

# INTRODUCTION TO R

Unimail, Geneva, Switzerland, June 12 2015  
Room 6383

## ■ ■ General information

---

<b>Dates:</b>	June 12 2015, 2015
<b>Location:</b>	Université de Genève Unimail 40 bd du Pont d'Arve Room 6383
<b>Costs:</b>	Participation and meals are free of charge for speakers and registered participants.  Participants will be reimbursed for transportation costs (CFF/SBB fare in 2 <sup>nd</sup> class).

This workshop aims at giving basic knowledge of R.

The whole workshop is meant to be interactive in order to get as close to the participants' needs as possible. For this reason each section is conceived as a mix of theory and exercises.

Participants are invited to bring their own dataset in any kind of format (excel, spss, stata, csv,...) in order to work on it, as well as their own laptop, although computers will be available in the class room.

## ■ ■ Schedule

---

9.00 - 10.15	Getting to know R
10.15 - 10.30	Coffee break
10.30 - 12.00	Handling cross-sectional datasets
12.00 - 13.30	Lunch break
13.30 - 15.00	Practice on real data
15.00 - 15.15	Coffee break
15.15 - 16.30	Handling longitudinal datasets

## ■ ■ Speaker

---
